***FINANCIAL AID:***

*Limited funds are granted each year in the form of financial aid to families who otherwise would have difficulty meeting their full tuition obligations. While financial aid is awarded on a needs basis, each family should generally expect to pay a minimum of 50% of the total tuition.*

*All families applying for financial aid are required to complete an application through FACTS Grant and Aid. This is an independent, third party company that conducts financial analysis to determine your family's financial need. We receive a confidential report outlining your financial situation and decide awards based on the information obtained in your application and supporting tax documents. Funds are derived directly from the school budget, are limited and current families are awarded first. The majority of available funds are awarded in May of each year for the following school year. A limited amount is generally reserved for any new families applying for financial aid after the deadline.*
